# Task 1 – Landing Page

LAYOUT

HEADER

Use of flex layout with space-between alignment for left and right adjustment

HERO SECTION

The section uses flex layout in row for two sections : Hero-content and Hero – Image.

Hero-content section further uses the flex layout in column direction for adjusting the content column wise.
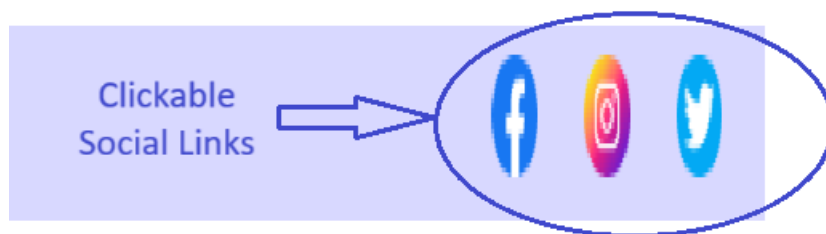

Heading — **Empowering Your Digital Future!**

Content — At ABC Inc, we deliver innovative tech solutions that help startups and enterprises grow faster, smarter, and more efficiently. From custom software to seamless automation, we've got you covered.

Call-for-action button — Get Started Today
